## ABOUT WRI

WRI is a global research organization that spans more than 50 countries, with offices in the United States, Brazil, China, India, Mexico and more. Our more than 550 experts and staff work closely with leaders to turn big ideas into action at the nexus of environment, economic opportunity and human well-being. Learn more at [www.wri.org](http://www.wri.org).

## ABOUT WRI ROSS CENTER FOR SUSTAINABLE CITIES

WRI Ross Center for Sustainable Cities helps create accessible, equitable, healthy and resilient urban areas for people, businesses and the environment to thrive. Together with partners, it enables connected, compact and coordinated cities. The Center expands the transport and urban development expertise of the EMBARQ network to catalyze innovative solutions in other sectors, including water, buildings, land use and energy. It combines the research excellence of WRI with 15 years of on-the-ground impact through a network of more than 200 experts working from Brazil, China, India, Mexico and Turkey to make cities around the world better places to live.

## ABOUT CIFF

The Children's Investment Fund Foundation (CIFF) is an independent philanthropic organization, headquartered in London with offices in Nairobi and New Delhi. CIFF works with a wide range of partners to transform the lives of poor and vulnerable children in developing countries. For more information about the global impacts of CIFF, please visit [ciff.org](http://ciff.org).

Each World Resources Institute report represents a timely, scholarly treatment of a subject of public concern. WRI takes responsibility for choosing the study topics and guaranteeing its authors and researchers freedom of inquiry. It also solicits and responds to the guidance of advisory panels and expert reviewers. Unless otherwise stated, however, all the interpretation and findings set forth in WRI publications are those of the authors.
