The HSR ward

The HSR Neighbourhood improvement plan was started with the idea of the local councilor to make the ward a sustainable ward.
The neighbourhood Improvement Plan was initiated through engagement with the stakeholders of HSR ward.
Everyone was encouraged to put up their ideas as what they aspired their neighbourhood to be.
The proposal for a junction improvement plan in was one of the immediate outcomes of the stakeholder engagement.
Members of the local corporation along with the councilor and EMBARQ working together to implement the junction improvement plan on an experimental basis.

Seen here is the team hard at work, reclaiming space back form the road for pedestrians.
The master list of recommendations was put together after multiple stakeholder engagements. The program has now grown in many fronts and began to be called “Namma neighbourhood, Namme HSR” (Our neighbourhood, Our HSR)
The program was launched at an event in the ward, with members from various stakeholder groups (both government and non-government) participating.
The collaboration between EMBARQ and the corporation continued with the councilor Latha Narasimhamurthy talking about role of governance in making initiatives like the neighbourhood improvement plan at the ‘Connect Karo’ conference.
The Neighbourhood improvement plan wins the Ashoka and UL challenge: “Safer Roads, Safer India: Game changing Innovations that Save Lives’.

Featured here is the team that made it possible.
